INTRODUCTION AND PURPOSE

The Violence Against Women Act (VAWA), signed into law by President Clinton in 1994, has resulted in innovative legislation that combines tough penalties for offenders and assistance to victims of domestic violence, sexual assault, stalking, and dating violence. This comprehensive approach provides a substantial commitment of Federal resources for police, prosecution, prevention, and victim services to communities throughout the country. The primary funding source under VAWA is the STOP Violence Against Women Grant Program (STOP VAWA Program) administered by the Office on Violence Against Women, Office of Justice Programs, US Department of Justice. STOP stands for Services, Training, Officers, and Prosecutors: the necessary elements to effect change within the criminal justice system.

The STOP Violence Against Women Grant Program was reauthorized and amended on March 15, 2022 by the Violence Against Women Act Reauthorization Act of 2022 (VAWA 2022). The STOP VAWA Program continues to encourage the development and implementation of effective, victim-centered law enforcement, prosecution, and court strategies to address violent crimes of domestic violence, sexual assault, stalking, dating violence, and the development and enhancement of victim services in cases involving these crimes. It envisions a partnership among law enforcement, prosecution, courts, and victim services organizations to enhance victim safety and hold offenders accountable for their crimes against women.

The New Mexico Crime Victims Reparation Commission (CVRC) is soliciting proposals from governmental agencies, tribal, and non-profit, non-governmental organizations conducting business in the state to develop and maintain domestic violence, sexual assault, stalking and dating violence services, programs, and training initiatives under the STOP VAWA Grant Program that are:

- Flexible and designed to meet the needs of domestic violence, sexual assault, stalking and dating violence victims and providers at the state and local level;
- Inclusive of and responsive to the ethnic, cultural, racial and socioeconomic diversity of the state; and
- Clearly defined with goals and measurable objectives for the services provided.

PROPOSAL REVIEW COMMITTEE

A Review Committee appointed by CVRC will perform the evaluation of proposals. All submitting agency proposals will be reviewed for compliance with the mandatory requirements stated within the RFP. Proposals deemed nonresponsive will be eliminated from further consideration and will be notified. The Review Committee may use other sources of information to perform the evaluation. Responsive proposals will be evaluated on the factors in the evaluation summary that have been assigned a point value. The agencies with the highest scores will be selected as finalist agencies based upon the proposals submitted. The agencies whose proposals are most advantageous to victims of crime in New Mexico will be recommended for contract awards. Please note that a serious deficiency in the response to any one factor may be grounds for rejection and deemed nonresponsive, regardless of overall score for any applicant, continuation or new.

The review process will take place between Tuesday, March 10, 2026 and Thursday, April 23, 2026. During this time, the CVRC Grants Bureau Chief and the VAWA Grant Administrator may initiate discussions with submitting agencies for clarification. Proposals may also be accepted and evaluated without such discussion. The applicant shall not initiate discussions.

TERM OF THE AWARD

The term of the contract is July 1, 2026 – June 30, 2027.

FUNDING STRATEGY

The State of New Mexico Crime Victims Reparation Commission 2022-2025 Strategic Implementation Plan outlines the funding strategy for the STOP VAWA awards issued through CVRC. To continue successful projects, encourage sustainability, and fund new projects, CVRC adheres to the following funding strategy for its STOP VAWA Formula Grant:

- All projects that were successfully implemented and managed during the grant year will be eligible for continuation funding unless the project was a non-recurring project (such as a conference, training, technology, equipment, etc.).
- After two successful grant years of funding, the project can apply for a third year of continuation funding with a 10% reduction in the request for funds (using the initial budget).
- After three years of funding, the project can apply for a fourth year of continuation funding with an additional 10% reduction in the request for funds for a total of a 20% reduction (using the initial budget).
- Projects are required to submit continuation funding proposals annually to determine eligibility for continued funding.

New/Competitive Projects

Governmental agencies, tribal and non-profit, non-governmental organizations doing business in New Mexico are encouraged to apply for new projects that support the funding priorities outlined with the State of New Mexico Crime Victims Reparation Commission 2022-2025 Strategic Implementation Plan for STOP VAWA awards and meet the funding requirements outlined within this RFP.

Continuation Projects

The CVRC Grants Department has notified projects eligible for continuation funding via e-mail prior to releasing the RFP. The notification included the available project budget and the project's funding cycle year (first, second, third, or final). To be eligible for funding, continuing projects must submit a continuation proposal in accordance with this RFP's sequence of events. Continuation proposals received after the submission deadline shall be rejected as not meeting the mandatory requirements of the RFP.

APPROPRIATION AND AVAILABILITY OF FUNDS

In accordance with Federal guidelines, at least 25% of the funds granted will be allocated for prosecution purposes, at least 25% percent will be allocated for law enforcement purposes, at least 30% will be allocated for victim services purposes, and at least 5% will be allocated to the judiciary. Approximately 15% will be allocated under the discretionary category. All awards must support the STOP VAWA Federal Purposes outlined in VAWA 2022 and the priorities outlined within the State of New Mexico Crime Victims Reparation Commission 2022-2025 Strategic Implementation Plan.

Total available funding for this RFP is \$1,321,621.00. Of that, \$1,079,757.00 is designated for continuation projects that have not yet completed a four-year cycle. The remaining \$241,864.00 is available for new/competitive projects.

Of the funds available for new/competitive projects, a minimum of \$105,488.00 must support prosecution purposes and a minimum of \$21,070.00 must support law enforcement purposes. A minimum of \$11,197.00 must support victim services, a minimum of \$66,081.00 must support courts, while a minimum of \$38,027.00 may be used for undesignated projects that support the federal purpose areas or to increase the other four allocations.

The State of New Mexico Crime Victims Reparation Commission 2022-2025 Strategic Implementation Plan outlined a statewide priority to support new and innovative approaches, in addition to allocating funds to support projects serving under-served, marginalized, and culturally-specific populations. To support the current strategic plan, priority consideration will be given for positions or programs that specifically improve services to under-served, marginalized, and culturally-specific populations and/or support new and innovative approaches.

All awards are subject to the availability of appropriated funds, the mandated allocation categories, provisions of the STOP VAWA award, and any modifications or additional requirements that may be imposed by law.

FEDERAL PURPOSE AREAS

The STOP VAWA Grant Program continues to emphasize the implementation of comprehensive strategies that address domestic violence, sexual assault, stalking, and dating violence, are sensitive to the needs and safety of victims, and hold offenders accountable for their crimes. The Violence Against Women Act of 2022 expanded the Federal Purpose Areas to include 24 purposes, which can be viewed on the VAWA Purpose Area Factsheet at nmcvrcgrants.com. Projects are required to support at least one of these Federal Purpose Areas, which must be selected on the WebGrants proposal at nmcvrcgrants.com.

SPECIAL EMPHASIS

The State of New Mexico Crime Victims Reparation Commission 2022-2025 Strategic Implementation Plan outlines a statewide priority to support new and innovative approaches, in addition to allocating funds to support services for under-served, marginalized, culturally-specific populations. To support the current strategic plan, priority consideration will be given for positions or programs that specifically improve services to under-served populations that experience service access barriers in relation to race, ethnicity, language, disability, sexual orientation, gender identity, age, or geography.

Applicants whose geographic area includes an American Indian population must include grant activities specifically designed to meet the needs of Indian tribes or Indian populations in their service area. Applicants that do not have tribes or tribal lands within their service area must demonstrate good faith efforts to reach out to American Indians residing in their service area.

Applicants whose geographic area includes other under-served populations must identify those populations and include grant activities specifically designed to meet the needs of those populations.

UNDERSERVED POPULATIONS

In addition to the under-served populations outlined within the State of New Mexico Crime Victims Reparation Commission 2022-2025 Strategic Implementation Plan, under-served victim populations include but are not limited to the following Federal definitions:

Geographic location

Rural
Tribal
Underserved Urban
Other

Racial/Ethnic Groups

Hispanic
Native American
African-American
Pacific Islander
Other

Non-English Speaking

Spanish-speaking
Speaks a Native American language
Speaks an Asian language
Speaks another non-English language

Other Special Needs Populations

Mentally/emotionally challenged
Physically/medically challenged

Applicants may include training of their organization's staff by members of the region's under-served population(s) in the Primary Project Components section. This activity may be supported in the proposed budget.

CULTURALLY SPECIFIC

An organization is eligible to receive the culturally-specific set aside if the organization is a non-profit, non-governmental organization, or tribal organization that serves a specific geographic community that:

- Focuses primarily on domestic violence, dating violence, sexual assault, stalking, or female genital mutilation or cutting;
- Has established a specialized culturally-specific program that addresses domestic violence, dating violence, sexual assault, stalking, or female genital mutilation or cutting;
- Has a primary focus on under-served populations (and includes representatives of these populations) and domestic violence, dating violence, sexual assault, stalking, or female genital mutilation or cutting; or
- Obtains expertise or shows demonstrated capacity to work effectively on domestic violence, dating violence, sexual assault, stalking, or female genital mutilation or cutting through collaboration; **and**
- Is primarily directed toward racial and ethnic minority groups; **and**
- Is providing services tailored to the unique needs of that population.

An organization will qualify to meet this culturally-specific set aside for funding if its primary mission is to address the needs of racial and ethnic minority groups or if it has developed a special expertise regarding a particular racial and ethnic minority group. The organization must do more than merely provide services to the targeted group;

rather, the organization must provide culturally competent services designed to meet the specific needs of the target population.

STOP VAWA ELIGIBILITY AND RESTRICTIONS

Proposals will be accepted from offices and agencies of New Mexico State government, units of local government, Indian tribal governments, and non-profit, non-governmental victim services programs. Proposals must adhere to the eligibility guidelines within the Federal STOP VAWA award.

STOP VAWA funds are intended to foster more widespread apprehension, prosecution, and adjudication of persons committing violent crimes of domestic violence, sexual assault, stalking and dating violence through the criminal justice system.

Prosecution offices funded by the STOP VAWA award are required to implement a victim-centered prosecution policy and protocol. Additionally, STOP funded prosecutors are required to participate in a victim-centered prosecution training no later than June 30, 2027.

CVRC requests that all prosecutors of domestic violence, sexual assault, dating violence, or stalking cases participate in a victim-centered prosecution training no later than June 30, 2027.

Funded projects must provide services to adult and/or teen victims of domestic violence, sexual assault, stalking, or dating violence. STOP VAWA funds may not be used to support services that focus exclusively on children (with the exception identified above) or to develop prevention curricula for schools. Services to children can only be funded if the children are the secondary victims that are receiving services and there is a direct link between the primary victim (adult) and the secondary victim (child) or if they are receiving complementary emergency services such as children who witness domestic violence. Non-perpetrating spouses/partners of sexual assault victims may also be served.

Legal Assistance

Projects funded by STOP VAWA may provide legal assistance to adult, youth, or child victims of domestic violence, dating violence, sexual assault, or stalking with matters related to:

- Divorce, parental rights, child support, Tribal, territorial, immigration, employment, administrative agency, housing, campus, education, healthcare, privacy, contract, consumer, civil rights, protection or other injunctive proceedings, related enforcement proceedings, and other similar matters;
- Criminal justice investigations, prosecutions, and post-conviction matters (including sentencing, parole, and probation) that impact the victim's safety, privacy, or other interests as a victim;
- Alternative dispute resolution, restorative practices, or other processes intended to promote victim safety, privacy, and autonomy, and offender accountability, regardless of court involvement; or
- With respect to a conviction of a victim relating to or arising from domestic violence, dating violence, sexual assault, stalking, or sex trafficking victimization of the victim, post-conviction relief proceedings in State, local, Tribal, or territorial court.

In accordance with VAWA 2022, any subgrantee providing legal assistance with STOP VAWA funds must certify that:

1. The legal assistance is provided by or under the direct supervision of a person who is:
 - a licensed attorney;
 - in immigration proceedings, a Board of Immigration Appeals accredited representative;
 - in claims of the Department of Veterans Affairs, a representative authorized by the Secretary of Veterans Affairs; or
 - any person who functions as an attorney or lay advocate in tribal court;

And

- has demonstrated expertise in providing legal assistance to victims of domestic violence, dating violence, sexual assault, or stalking in the targeted population; or
 - is partnered with an entity or person that has demonstrated expertise described above, and has completed, or will complete, training in connection with domestic violence, dating violence, stalking, or sexual assault and related legal issues, including training on evidence-based risk factors for domestic and dating violence homicide;
2. Any training program conducted in satisfaction of the “demonstrated expertise” requirement described above has been or will be developed with input from and in collaboration with a tribal, State, territorial, local, or culturally specific domestic violence, dating violence, sexual assault or stalking victim service provider or coalition, as well as appropriate tribal, State, territorial, and local law enforcement officials;
 3. Any person or organization providing legal assistance through a program funded under subsection (c) has informed and will continue to inform State, local, or tribal domestic violence, dating violence, or sexual assault programs and coalitions, as well as appropriate State and local law enforcement officials of their work; **and**
 4. The subgrantee’s organizational policies do not require mediation or counseling involving offenders and victims physically together, in cases where sexual assault, domestic violence, dating violence, stalking, or child sexual abuse is an issue.

CRITERIA FOR VICTIM SERVICES PROGRAMS

1. Victim services programs should have, as one of their primary purposes, to provide services to victims of domestic violence, sexual assault, dating violence and/or stalking.
Experts view domestic violence as a pattern of coercive behavior that is used by one person to gain power and control over a current or former intimate partner. This pattern of behavior may include physical or sexual violence, emotional and psychological intimidation, threats, verbal abuse, stalking, isolation and economic control. State administrators should be aware that when victims of domestic violence flee from abuse, perpetrators of domestic violence frequently claim to be victims in order to locate their former victims, punish them for leaving, or regain control over victims through legal proceedings. Organizations that claim to assist victims but actually assist perpetrators in regaining control over victims are not eligible for support.
2. Victims services programs should reflect (e.g., through mission statements or training for all staff) an understanding that the violence perpetrated against victims is grounded in an abuse of power by offenders, reinforced through intimidation and coercion, sanctioned by traditional societal and cultural norms, and supported by the legal system’s historically discriminatory response to domestic violence, sexual assault, dating violence and stalking crimes.
It is important for victim services programs to have this understanding because existing cultural and legal norms validate perpetrator conduct, compromise victim safety, discourage social support for victims, and perpetuate societal tolerance of the violence. In the context of these norms, perpetrator conduct impedes the liberty and autonomy of victims, creates fear of the perpetrator, causes physical and/or psychological injury, and limits the victim’s access to services. The philosophy of victim service programs must reject the use of violence and intimidation to perpetuate these and other form of inequality.
3. Victim services programs must address a demonstrated need in their communities by providing services that promote the integrity and self-sufficiency of victims, improve their access to resources, and create options from victims seeking safety from perpetrator violence.
A lack of services alone does not demonstrate the need for a particular program to be funded. Rather, states should determine whether there is a demonstrated need for the proposed services and

whether the applicant would serve a significant number of victims who would not otherwise have access to resources, such as safe housing, economic self sufficiency, advocacy and counseling, and culturally appropriate services. Services must be designed to restore victim autonomy, for example, by assisting victims when perpetrators continue to stalk them or deny them access to financial resources such as family income or bank accounts.

4. Victim services programs must not engage in activities that compromise victim safety.
Examples of activities that compromise victim safety include, but are not limited to: mediation, alternative dispute resolution, couples counseling, or any other intervention that implies that both parties are responsible for the perpetrator's violence; failing to respect victim autonomy and decision-making; intervention or counseling programs for perpetrators that do not use the coercive power of the criminal justice system to hold them accountable for their behavior, such as anger or stress management programs; and providing perpetrators with confidential information about the whereabouts or activities of victims or their families.
5. Victim services programs must consult and coordinate with other non-profit, non-governmental victim services programs, including sexual assault and domestic violence victim services programs.
6. Victim service applicants should be non-profit, non-governmental domestic or sexual violence service programs that have a significant history of providing services to victims of domestic violence, sexual assault, dating violence and/or stalking.
7. Victim service providers may not ask for immigration status or social security numbers from victims requesting services.

NONDISCLOSURE OF CONFIDENTIAL OR PRIVATE INFORMATION

In accordance with 42 US C. § 13925(b)(2) recipients and subrecipients may not disclose personally identifying information about victims served with OVW funds without a written release unless the disclosure of the information is required by a statute or court order. This applies whether the information is being requested for an OVW grant program or another Federal agency, state, tribal, or territorial grant program. This provision also limits disclosures by OVW subrecipients to OVW recipients, including disclosures to statewide or regional databases.

"Personally identifying information" means individually identifying information for or about an individual including information likely to disclose the location of a victim of domestic violence, dating violence, sexual assault, or stalking, including (but not limited to) a first and last name; a home or other physical address; contact information (including a postal, e-mail or Internet protocol address, or telephone or facsimile number); a social security number; and any other information, including date of birth, racial or ethnic background, or religious affiliation that, in combination with other information, would serve to identify any individual. The specifics of what information is protected may depend on the individual situation. Recipients should be cognizant of their specific environment, including the size of their population, in making the determination of what information they might need to protect in order to prevent disclosures that could be used to locate individual victims.

Releases must be written, informed and reasonably time-limited. At a minimum, victims should understand why the information would be shared, who would have access to the information, and what information would be shared. What time period is reasonable will depend on the specific situation. OVW interprets the statute to prohibit recipients from requiring release of information as a condition of service.

If the victim consents to releases of information, the victim should sign the releases unless the victim is a non-emancipated minor or a person with disabilities that is unable to sign. In the case of a minor, the minor and a parent or guardian should sign the release; in the case of a person with disabilities, a legally appointed guardian should sign it. The abuser of the minor or person with disabilities or the abuser of the other parent of the minor may not give consent.

If release is compelled by statutory or court mandate, the grantee or subgrantee must make reasonable attempts to notify affected victims and take steps necessary to protect the privacy and safety of such victims.

Recipients and subrecipients may share non-personally identifying data in the aggregate regarding services to their clients and non-personally identifying demographic information to comply with Federal, state, tribal or territorial reporting, evaluation, or data collection requirements.

Recipients and subrecipients may share court-generated information and law-enforcement generated information contained in secure, governmental registries for protection order enforcement purposes.

Recipients and subrecipients may share law enforcement and prosecution generated information necessary for law enforcement and prosecution purposes.

For the purpose of file review during onsite visits by CVRC, subrecipients may choose to redact files in lieu of securing a written release.

ACTIVITIES THAT MAY COMPROMISE VICTIM SAFETY

Ensuring victim safety is the guiding principle underlying this program. STOP VAWA does not fund activities that jeopardize victim safety, deter or prevent physical or emotional healing for victims, or allow offenders to escape responsibility for their actions. Accordingly, consistent with the goals of ensuring victim safety and holding perpetrators accountable for their criminal conduct, applicants will not support any activities that may compromise victim safety and recovery such as:

1. Procedures or policies that exclude victims from receiving services based on their actual or perceived sex, age, immigration status, race, religion, sexual orientation, gender identity, mental health condition, physical health condition, criminal record, work in the sex industry, income or lack of income, or the age and/or sex of their children.
2. Procedures or policies that compromise the confidentiality of information and/or privacy of victims.
3. Procedures or policies that require victims to take certain actions (e.g., seek an order of protection; receive counseling; participate in counseling, mediation, or restorative justice/circle processes; report to law enforcement or other authorities; seek civil or criminal remedies) or penalize them for failing to do so.
4. Procedures or policies that fail to include conducting safety planning with victims.
5. Project designs, products, services, and/or budgets that fail to account for the unique needs of individuals with disabilities, with limited English proficiency, or who are Deaf or hard of hearing, including accessibility for such individuals.
6. Using technology without addressing implications for victim confidentiality, safety planning, and the need for informed consent.
7. Partnering with individuals or organizations that support/promote practices that compromise victim safety and recovery or undermine offender accountability.

ALLOWABLE COSTS

In general, STOP VAWA grants may support personnel, training, technical assistance, outreach, evaluation, data collection and equipment costs to enhance the apprehension, prosecution, and adjudication of persons committing violent crimes against women and to provide or improve services for victims. Allowable costs and eligibility of projects is in accordance with the STOP VAWA grant program guidelines, the grants financial management guide and the State of New Mexico Crime Victims Reparation Commission 2022-2025 Strategic Implementation Plan.

STOP VAWA FUNDS AND SERVICES TO ALL GENDERS

Although the STOP VAWA Grant is funded under the “Violence Against Women Act,” it shall not be construed to prohibit on the basis of gender or gender identity any victims of domestic violence, sexual assault, stalking and

dating violence from receiving benefits and services. The Violence Against Women Act of 2013 expanded its Federal Purposes to include two new Purpose Areas that specifically included men, which means that subrecipients under those Purpose Areas may have projects that target male victims. The specific Purpose Areas are Purpose Area 17 (focusing on programs addressing sexual assault against men, women, and youth in correctional and detention settings) and Purpose Area 19 (focusing on services and responses targeting male and female victims of domestic violence, dating violence, sexual assault, or stalking, whose ability to access traditional services and responses is affected by their sexual orientation or gender identity).

NON-ALLOWABLE COSTS

Non-allowable costs include lobbying, fundraising, prevention activities and services to children unless the children's services are of a secondary nature to the primary services provided to the adult victim or if children's services are complementary emergency services such as serving child witnesses to domestic violence.

STOP VAWA Grant funds may not be used to support the development or presentation of a domestic violence, sexual assault, stalking or dating violence curriculum for primary or secondary schools. In addition, grant funds may not be used to teach primary or secondary school students from an existing curriculum.

IMPORTANT: MINIMUM STOP VAWA REQUIREMENTS

STOP VAWA subrecipients should ensure the following:

1. The program must ensure that their measurable activities/objectives as outlined in their project description correspond to the actual services offered.
2. All Federal and state laws must be followed. No exceptions will be allowed.
3. Every program is expected to meet reporting requirements.
4. Records must be maintained in a safe, secure and confidential manner, in accordance with the VAWA provisions of confidentiality.
5. Programs must coordinate and cooperate with other programs in their area or jurisdiction so that victims' interests always come first.
6. STOP VAWA funded programs that provide direct services to victims are responsible for learning about crime victim's compensation benefits and must ensure that eligible victims in their area are aware of these benefits.
7. Non-profit programs will furnish CVRC with copies of their Bylaws and Articles of Incorporation.
8. All programs that provide direct services to victims should have facilities that are clean, well maintained, and ensure accessibility to services.
9. STOP VAWA funded staff salaries and match salaries must be documented by time and attendance records, which reflect an after the fact determination of actual hours and activities of the employee and be inclusive of all activities performed by the employee, not just time spent towards this award.
10. All financial records must be properly maintained, and supportive documentation must be kept for all STOP VAWA Federal and match funded expenditures.
11. Written procedures for financial operation are in place and available.
12. A double entry bookkeeping system exists with categories that match the budget.

CERTIFICATION OF CONSULTATION

The Office on Violence Against Women (OVW), US Department of Justice requires that all STOP VAWA funded state, local and tribal governmental subrecipients certify that they have consulted with victim services programs* during the development of their subgrant proposals. Therefore, all governmental agencies must submit, as a part of this proposal, the certification found in the proposal section. This certification addresses OVW's most recent requirement that governmental agencies provide the dates and content of the planning meetings.

Additionally, to ensure collaboration within communities, **all applicants** must describe ways in which they consult with at least two other service providers, non-profit, non-governmental and governmental, within the course of the development of their proposal.

*VAWA defines a victim services program as “a non-profit, non-governmental organization that assists domestic violence, dating violence, sexual assault, or stalking victims, including rape crisis centers, domestic violence shelters, faith-based organizations, and other organizations with a documented history of effective work concerning domestic violence, dating violence, sexual assault or stalking.”

EQUAL OPPORTUNITY/CIVIL RIGHTS COMPLIANCE

To receive STOP VAWA funds, a successful applicant must agree to the following civil rights provisions:

The subgrantee agrees to abide by all Federal and State laws and rules and regulations, and executive orders of the Governor of the State of New Mexico pertaining to equal employment opportunity.

Subgrantee will comply (and will require any contractors to comply) with any applicable Federal nondiscrimination requirements, which may include the Omnibus Crime Control and Safe streets Act of 1968 (42 US C. § 3789d); the Victims of Crime Act (42 US C. § 10604 (e)); the Juvenile Justice and Delinquency Prevention Act of 2002 (42 US C. § 5672 (b)); the Civil Rights Act of 1964 (42 US C. § 2000d); the Rehabilitation Act of 1990 (42 US C. §§ 12131-34); the Education Amendments of 1972 (20 US C. §§ 1681, 1683, 1685-86); the Age Discrimination Act of 1975 (42 US C. §§ 6101-07); 28 C.F.R. pt 31 (US Department of Justice Regulations – OJJDP Grant Programs); 28 C.F.R. pt. 42 (US Department of Justice Regulations – Nondiscrimination; Equal Employment Opportunity; Policies and Procedures); Exec. Order No. 13279 (equal protection of the laws for faith-based and community organizations); Exec. Order No. 13559 (fundamental principles and policymaking criteria for partnerships with faith-based and neighborhood organizations); 28 C.F.R. pt. 38 (US Department of Justice Regulations – Equal Treatment for Faith-Based Organizations); 28 C.F.R. pt. 54 (US Department of Justice Regulations – Equal Treatment for Educational Programs).

In the event a Federal or State court or Federal or State administrative agency makes a finding of discrimination after a due process hearing on the grounds of race, color, religion, national origin, sex, sexual preference, age or disability against a recipient of funds, the subgrantee will forward a copy of the finding to the Office for Civil Rights, Office of Justice Programs and the New Mexico Crime Victims Reparation Commission (CVRC).

Subgrantee will provide an Equal Employment Opportunity Plan (EEOP) to the Office for Civil Rights, Office of Justice Programs and the CVRC, if required to submit one; otherwise, it will provide a certification to the Office for Civil Rights, Office of Justice Programs and the CVRC that it has a current EEOP on file, if required to maintain one. For grantee agencies receiving less than \$25,000, or grantee agencies with fewer than 50 employees, regardless of the amount of the award, no EEOP is required. Information about civil rights obligations of recipients can be found at www.ojp.usdoj.gov/ocr/.

As clarified by Executive Order 13166, Improving Access to Services for Persons with Limited English Proficiency, and resulting agency guidance, national origin discrimination includes discrimination on the basis of limited English proficiency (LEP). To ensure compliance with the Omnibus Crime Control and Safe Streets Act of 1968 and Title VI of the Civil Rights Act of 1964, recipient must take reasonable steps to ensure that LEP persons have meaningful access to its programs. Meaningful access may entail providing language assistance services, including oral and written translation, where necessary. Subrecipients are required to consider the need for language services for LEP persons served or encountered both in developing its budgets and conducting its programs and activities. Additional assistance and information regarding LEP obligations can be found at www.lep.gov.

In accordance with Federal civil rights laws, the subgrantee shall not retaliate against individuals for taking action or participating in action to secure rights protected by these laws.

PROVIDING MEANINGFUL ACCESS TO VICTIMS WITH LIMITED ENGLISH PROFICIENCY (LEP)

National origin discrimination includes discrimination on the basis of limited English proficiency (LEP). As noted above, to ensure compliance with Title VI of the Civil Rights Act and the Omnibus Crime Control and Safe Streets Act, recipients are required to take reasonable steps to ensure the LEP persons have meaningful access to their programs. Meaningful access may entail providing language assistance services, including interpretation and translation services, where necessary.

Recipients are required to consider the need for language services for LEP persons served or encountered both in developing their proposals and budgets and in conducting their programs and activities. Reasonable costs associated with providing meaningful access for LEP individuals are considered allowable program costs. The US Department of Justice has issued guidance for recipients to assist them in complying with Title VI. The guidance document can be accessed on the Internet at www.lep.gov.

Executive Order 13166 requires that all recipients of Federal financial assistance must take reasonable steps to provide meaningful access to LEP individuals. Among the factors to be considered in determining what constitutes reasonable steps to ensure meaningful access are: (1) the number or proportion of LEP persons in the eligible service population; (2) the frequency with which LEP individuals come into contact with the program; (3) the importance of the service provided by the program; and (4) the resources available to the recipients.

All organizations that provide direct services are required to submit an LEP plan as part of this proposal. LEP information and a sample plan may be found at cvrc.nm.gov. Additional information can also be found at https://www.lep.gov/guidance/guidance_index.html.

The Federal government and those receiving assistance from the Federal government must take reasonable steps to ensure that LEP persons have meaningful access to the programs, services, and information those entities provide. This will require agencies to develop creative solutions to address the needs of this ever-growing population of individuals whose primary language is not English.

Applicants must develop a plan/protocol on the way in which your organization/agency will provide services to LEP victims. The plan must be clear, concise and your agency must have the ability to carry it out.

The LEP Plan must be attached within your proposal in the New Mexico Crime Victims Reparation Commission WebGrants Online Grants Management System at nmcvrcgrants.com.

Subsequent audit reports must be submitted within nine months after the close of the fiscal year to CVRC. Funded agencies must adhere to the single audit requirements of the OMB Circular A-133/ Uniform Guide.

If an agency does not meet the single audit threshold, programs will be contractually required to have their STOP VAWA funds reviewed in their annual audit. This is to ensure funds are not being commingled with other funding sources, are tracked, reconcile when randomly tested and there is no risk for fraud, waste and/or abuse of funds. The testing does not have to rise to the level of an OMB A-133/Uniform Guide audit but must include an agreement that the auditor will perform agreed-upon procedures in accordance with applicable generally accepted auditing standards or attestation standards established by the American Institute of Certified Public Accountants (AICPA).

A sample agreement can include the following:

We have agreed to perform the following procedures and report to you the factual findings resulting from our work:

- The audit will include procedures to verify that the Agency is maintaining separate accounts and accounting records for the VAWA funds, to ensure the funds are accounted for separately and not commingled with any other funding sources.
- A sample of XX disbursements charged to the VAWA grants will be reviewed and assessed to determine if the charges comply with the terms of the grants.
- A sample of XX invoices submitted to CVRC will be reviewed to assess whether or not cash requests were on a cost reimbursement basis (e.g. the agency incurred the cost prior to the request for payment.)

Submitted audit reports should include:

- The auditor's report on financial statements and a schedule of financial assistance showing the total expenditure for each Federal assistance program.
- The auditor's report on compliance containing:
 - A statement of positive assurance with respect to those items tested for compliance;

The STOP VAWA Grant Writing Workshop provides an in-depth description of the primary project components development. It is highly recommended that you watch this workshop if you have never developed primary project components that were subsequently approved by a CVRC proposal peer review committee. The pre-recorded webinar is available on [CVRC's YouTube channel](https://youtu.be/osogBjRBed8) and can be viewed at <https://youtu.be/osogBjRBed8>.

PROJECT BUDGET AND BUDGET NARRATIVE INSTRUCTIONS

Prepare the budget and budget narrative within the proposal on the New Mexico Crime Victims Reparation Commission WebGrants Online Grants Management System. The budget narrative should be detailed and describe all expenditures. All organizations that are required to provide a match must budget for a 25% matching amount of the total cost of the entire project (see formula under FINANCIAL MATCH REQUIREMENTS INSTRUCTIONS on the next page). Budgets may include expenses related to training.

BUDGET NARRATIVE INSTRUCTIONS

This is an extremely important section. A complete, itemized, operational project budget narrative must be completed in the budget section on the New Mexico Crime Victims Reparation Commission WebGrants Online Grants Management System showing justification for specific items or categories. Justification should clearly indicate that the items being requested are essential to the achievement of the stated objectives. If required, the match must be included and adequately address the type of match and, if in-kind, how the cash value was determined.

Complete the Budget Section using the appropriate categories within the New Mexico Crime Victims Reparation Commission WebGrants Online Grants Management System. The following budget instructions explain what each line item should contain. The total should equal your project budget, and **budgets must be rounded to the nearest dollar.**

Budget Instructions for Line-Item Categories

- 00.0 Personnel:** Identify everyone to be paid on this subgrant, and include salaried employees as an hourly position. List each position by title, the annual salary, the hourly rate, the total hours the employee works per pay period, the actual hours to be dedicated to the STOP VAWA award, the number of months, and the amount of VAWA funding requested.
- 10.0 Personnel Benefits:** List all personnel benefits and the costs, itemized and computation shown. These can include Social Security, Worker's Compensation, Retirement, Unemployment Compensation and Insurance
- 20.0 In State Travel:** Itemize travel expenses by specific purpose and show basis for computation (include costs for meals, lodging, and mileage). Be sure to include the CVRC compensation and grant reporting trainings. Travel-related costs must be necessary and reasonable.
- 30.0 Maintenance:** Includes pro-rated janitorial supplies and equipment maintenance contracts.
- 40.0 Supplies:** List items within this category separately for office and other supplies
- 50.0 Contractual and Consultant:** For individuals - list types of services, name, address, hourly or daily rate and amount of time. For contracts with firms - list types of services and total costs.
- 60.0 Operation Costs:** List items within this category separately for telephone, rent, postage, printing, training, etc. at a prorated share, with itemized costs included in the calculations.
- 80.0 Capital Outlay:** List each item or equipment to be purchased including the description and cost. Capital Outlay would include computers, desks, etc. and does not have a minimum dollar amount
- 95.0 Out of State Travel/Other:** Itemize travel expenses by specific purpose and show basis for computation. Include meals, lodging and mileage. Other items not covered under the existing line items should be included here. Travel related costs must be necessary and reasonable

Budget Justification: There is a section at the end of the budget which allows for expanded justification to include the breakdown and formulas.

****BUDGETS MUST BE ROUNDED OFF ** Using whole dollars only, no cents.**

NOTE: Applicants may not allocate any funds for building renovations. This includes seemingly minor activities as painting or carpeting.

FINANCIAL MATCH REQUIREMENTS INSTRUCTIONS

The purpose of matching funds is to increase the amount of resources available to projects supported by Federal grant funds. The grant award may not be more than 75% of the total costs of the project. Therefore, a 25%, non-Federal cash or in-kind match is required.

Tribal and non-profit, non-governmental victim services organizations that are providing direct services to victims are exempt from the match requirement. However, if these organizations are providing services for any other entity (law enforcement training, etc.), they must still provide a match *unless* they apply for and are approved for a match waiver. **All other organizations must provide a match.**

Federal funds *may not* be used as match.

The formula to calculate matching funds is:

$$\text{Federal Funds Requested} \times 0.25 \div 0.75 = \text{Required Match}$$

Another way to calculate this is:

$$\text{Federal Funds Requested} \div 3 = \text{Required Match}$$

Example:

Federal Funds	\$30,000 (75%)
Matching Funds	\$10,000 (25%)
Total Program Costs	\$40,000 (100%)

Matching funds may either be in the form of cash contributions or in-kind contributions. In-kind contributions may include donations of equipment, office supplies, workshop or training materials, workspace or the monetary value of time contributed by professionals, support and technical staff, and volunteers, *if the services they provide are an integral and necessary part of the funded project*. The value of donated services must be consistent with the rate of compensation paid for similar work in the labor market in your region. Cash contributions may be from sources other than Federal dollars, such as private donations or state or local funds.

All funds designated as match are restricted to the same uses as the STOP VAWA Federal funds and must be expended within the grant period. **If the total match requirement is not expended, the subgrantee will be required to refund or will not be reimbursed the Federal amount equivalence.** Therefore, it is important not to over match.

MATCH WAIVER APPLICATION INSTRUCTIONS

As noted above, the only organizations that may apply for a match waiver are tribal and victim services organizations that are not providing direct services to victims. All other organizations must provide a match.

To apply for a match waiver and demonstrate your organization's financial need, please submit a form (see proposal section) addressing *all* the issues or points listed below (if an issue does not apply, please indicate as such). Please attach documentation that supports the information that you provided in your letter. Failure to respond to all items may significantly delay the waiver review and/or result in the denial of the waiver request.

- Name and title of individual requesting the waiver.
- Project period of grant award and amount of match requested to be waived.
- If your state or local region has been affected by a disaster and been designated a FEMA disaster area within the past 3 years, please attach a copy of the declaration of disaster.

- Any special circumstances indicating financial need and/or economic distress or other evidence you would like considered (e.g. lay-offs, double digit unemployment rates, reduction of funding, population served).

CERTIFICATION OF CONSULTATION

The US Department of Justice, Office on Violence Against Women requires that all STOP VAWA funded state, local and tribal law enforcement, prosecution and court related applicants certify that they have consulted with state, local or tribal victim services programs during the course of the development of their proposals and provide dates and content of these planning consultations (discussions) as part of the proposal submission.

Please note that these planning consultations (discussions) must be held outside regularly scheduled meetings, such as Multi-Disciplinary Team (MDT) meetings and Coordinated Community Response (CCR) meetings.

Additionally, to ensure collaboration within communities, all applicants must describe ways in which they consult with other service providers, non-profit, non-governmental and governmental, within the course of the development of their proposal. Qualifying proposals will include collaboration with a minimum of two qualifying agencies. Agencies that do not adequately demonstrate meaningful collaboration will not be considered.

These attachments must be uploaded within New Mexico Crime Victims Reparation Commission WebGrants Online Grants Management System. LIMITED ENGLISH PROFICIENCY AND ACCESSIBILITY PLAN INSTRUCTIONS

The Federal government and those receiving assistance from the Federal government must take reasonable steps to ensure that LEP persons have meaningful access to the programs, services, and information those entities provide. This will require agencies to develop creative solutions to address the needs of this ever-growing population of individuals whose primary language is not English. This plan must also meaningfully address services to persons who are Deaf and hard of hearing and individuals with disabilities have meaningful access to the programs, services, and information those entities provide.

This plan can be in the form of a single adopted plan that addresses language access, access for survivors with disabilities and accessibility of services, or it can be comprised of several agency policies that independently address these needs. An electronic copy of the original document(s) must be attached.

Instructions for Applicants for LEP Plan

Develop a plan/protocol on the way in which your organization/agency will provide services to LEP victims. The plan must be clear, concise and your agency must have the ability to carry it out. Go to cvrc.nm.gov to review a sample plan and additional information that will assist you with plan development. An electronic copy of the original document(s) must be attached in the Additional Documentation Required file submitted.

Who is a Limited English Proficient Person?

Persons who do not speak English as their primary language and who have a limited ability to read, speak, write, or understand English can be limited English proficient, or "LEP". These individuals may be entitled to language assistance with respect to a particular type of service, benefit, or encounter.

Who Must Comply?

All programs and entities that receive assistance from the Federal government (i.e. recipients), including:

- State and local agencies
- Private and non-profit entities
- All Subrecipients (entities that receive Federal funding from one of the recipients listed above) also must comply.
- All programs and operations of the Federal government also must comply.
- Recipients Title VI of the 1964 Civil Rights Act

“No person in the United States shall, on the ground of race, color or national origin, be excluded from participation in, be denied the benefits of, or be subjected to discrimination under any program or activity receiving Federal financial assistance.” 42 US C. § 2000d.

Different treatment based on a person’s inability to speak, read, write, or understand English may be a type of national origin discrimination.

Recipients and Federal Government Executive Order 13166

This Order, “Improving Access to Services for Persons with Limited English Proficiency,” directed Federal agencies to:

- Publish guidance on how their recipients can provide access to LEP persons.
- Improve the language accessibility of their own Federal programs.
- Break down language barriers by implementing consistent standards of language assistance across Federal agencies and amongst all recipients of Federal financial assistance.
- The Order covers all Federal and Federally assisted programs and activities.

Obligations: Four-Factor Analysis

Recipients of Federal financial assistance have an obligation to reduce language barriers that can preclude meaningful access by LEP persons to important benefits, rights, programs, information and services. (The Federal government has the same obligations as a result of Executive Order 13166.) The starting point is an individualized assessment that balances the following four factors:

- The number or proportion of LEP persons eligible to be served or likely to be encountered by the program or grantee/recipient;
- The frequency with which LEP individuals come in contact with the program;
- The nature and importance of the program, activity or service provided by the program to people’s lives; and
- The resources available to the grantee/recipient and costs.

Elements of a LEP Policy/Plan

Elements that may be helpful in designing an LEP policy or plan:

- Identifying LEP persons who need language assistance
- Identifying ways in which language assistance will be provided
- Training staff
- Providing notice to LEP persons
- Monitoring and updating LEP policy

Examples of Language Assistance Services

- Direct foreign language communication by fluent bilingual staff.
- Interpretation (oral), conducted in-person or via telephone by qualified interpreters.
- Translation (written) by qualified translators

DOCUMENTS FOR NON-PROFIT APPLICANTS INSTRUCTIONS

Non-profit programs must furnish CVRC with copies of their **Bylaws and Articles of Incorporation**. An electronic copy of the document(s) must be attached in the Additional Documentation Required file submitted. Additionally, non-profits must provide evidence of their **501(c)(3) status**.

Non-profits must provide a **list of all current Board members**, including their name, mailing address, e-mail, phone number, start of term, end of term, occupation, and their position on the Board. An electronic copy of the document(s) must be attached in the Additional Documentation Required file submitted.
